Please be advised that all sensitive information provided to The R&A for consideration, as well as the equipment, will be kept in confidence. However, the conformance status of certain products, including images, may be published via the Internet and/or other sources by the R&A at any time after the results of examination and testing have been determined.

Once a decision has been made, the sample will be retained for reference purposes. Details of the Appeals Procedure are available on request.

Signature of Submitter _____

Title _____

Date _____

See Notes Overleaf

Please be sure to complete all relevant sections of this form as failure to do so may delay the decision.

Note 1 : Name, Address and Contact Details of Submitter

It is very important that these details are completed for every submission so that we can ensure our records are up to date. Sometimes, it is necessary for us to contact submitters during the decision-making process, to discuss certain aspects of the design. Therefore, failure to fill in correct contact details may delay the final decision.

Note 2 : General Product Information

Product Name

This is the name that the product will be commonly known by.

Note 3 : Special Characteristics

This should describe anything which is unusual about the product, especially features which are not otherwise obvious.

Note 4 : Benefits and Promotional Material

If any information of this type is withheld, submitters should be aware that The R&A reserves the right to withdraw its ruling on a product upon discovery of that additional information.
