

# SAMPLE MEMBER QUESTIONNAIRE

Member questionnaires are an invaluable tool in helping to understand the reasons and motivations for members joining, playing, and leaving a club, and allows strengths and weaknesses to be identified. It will enable you to make positive improvements, as you look to roll out your #FOREeveryone campaign.

Questionnaires can be sent out to your members in the following formats:

- SurveyMonkey
- Word Document emailed to your membership database

You will see below different examples of questions you might want to consider asking your club members, which will help you understand your strengths and potential areas of improvement.

Please note that not all sections may be appropriate for your club, and you may want to alternate questions/sections at different times throughout the year.

We recommend using satisfaction scales of either 1-10 or agree / neutral / disagree where appropriate, making sure that you are consistent throughout the questionnaire.
