

Women in Golf Charter

Windhoek, Namibia, 25 April 2019

Namibia Amateur Ladies Golf Union is proud to sign and support the Women's Golf Charter led by the R&A and pledge our support to work towards its goals, together with our entire golfing community.

The NGF has already taken important steps that are right in line with Women in Golf Charter:

- Across the organizational structure, women hold the following important positions in Namibian Golf:
 - President and Vice President of the Namibia Golf Federation
 - President, Vice President and Secretary of the Namibia Junior Golf Foundation
 - Trustee of Southern Africa Women

As signatories to the Charter, we hereby undertake:

- To support the event Women's Golf Day
- To increase our female members

We are proud to announce that during the last year we had several new lady golfers join the various clubs due to a mixed pairs initiative that we implemented. We will continue with this and in so doing grow our women in golf numbers.

The Namibia Golf Federation, Namibia Amateur Ladies Golf Union and the Namibian Junior Golf Development looks forward to work together with The R&A to grow the number of women and girls playing golf in Namibia.

Yours in Golf

Brenda Lens
