

Women in Golf Charter

On Course Foundation was founded in 2010 and plays a vital role in supporting the recovery of wounded Service personnel and veterans through the sport of golf, helping their transition back to normal civilian life whilst sourcing employment opportunities for them within golf and its related industries.

With golf as our cornerstone and well over 50% of our beneficiaries “new” to the game when joining the charity, we are proud to support the R&A and its partners in becoming a signatory to the Women in Golf Charter and commit to:

- Increasing the number of female representatives within the overall membership of the charity.
- Continue to introduce the game to our female members through their inclusion in our one day Introductory and three day Golf Skills and Employment events programme.
- Encouraging women’s golf club sections nationwide in understanding, participating and supporting the Foundations activities.
- Associate with the “We Love Golf” coaching initiative in the staging of an exclusive introductory golf event for female Service personnel.
- Provide continued careers advice and support to our female members in seeking employment opportunities within the golf industry.
- Promoting the successful golfing achievements of our female members to the wider public audience.
- Working alongside fellow partners to the Charter in progressing change within the game to a more inclusive environment.
