

Warsaw, Poland 7th June 2018

Statement of Intention

We believe that Women in Golf Chart has a lot of potential to grow interest in golf among females. It is a great honor for Polish Ladies Golf Association to be the Signatory of the Charter. We are willing to support it to the best of our ability.

Since October 2015, when PLGA was established, we aim to promote golf in our country. Support players development through training co-finance and conduct golf projects that involve females in Poland.

Few examples of what we have done so far:

- Co-organize exhibition with the British Golf Museum in St Andrews between Nov.2016 - Jan.2017 at the Museum of Sport and Tourism in Warsaw
- Organize Women's Golf Day 3 years in the row (in 2016 our country had the biggest number of golf facilities engaged into WGD from Europe)
- Signed a cooperation agreement with the University of Physical Education in Warsaw
- For the 25th anniversary of Polish Golf Union celebrated this year we published a calendar with photos of 160 Polish ladies golfers

As a charter signatory we pledge to:

- Support women involved in the game of golf
- Create opportunities to promote the women's golf in Poland
- Work on increasing participation by women and girls
- Conduct lectures on golf, etiquette, rules and history

We are looking forward to working collaboratively with The R&A to achieve gender balance.

Kind regards,

Elżbieta Panas
President of Polish Ladies Golf Association
